Other authority:

EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: This emergency rule is necessary to open one day of recreational fishing in Catch Record Card Area 7.

Catch estimates for the Marine Area 7 summer Chinook fishery indicate that through July 21, 67% of the harvest quota (1,465 of 2,181), 32% of unmarked encounters (1,228 of 3,845), and 26% of sublegal encounters (558 of 2,141) have been reached. Based on daily catch rates, sufficient quota remains to allow for this additional opening of the 2024 summer Chinook season.

There is insufficient time to adopt permanent rules.
