|   |                                |   | ing an   | y changes in existing rules: This rule proposal is |  |  |  |  |
| responding to and supporting two separate rule petitions submitted to and approved by the department. This rule proposal is   |                                |   |  |  |  |  |  |  |
| based on the two petitions which together seek to amend recreational fishing rules at Park, Blue, and Deep Lakes in Grant   |                                |   |  |  |  |  |  |  |
| County and at Fish Lake in Chelan County. The first petition received by the department seeks to remove harvest limits at   |                                |   |  |  |  |  |  |  |
| Fish Lake; the second petition received by the department seeks to extend the fishing season at Park, Blue, and Deep lakes. Below are more specific descriptions of the rule changes for both sets of lakes:  |                                |   |  |  |  |  |  |  |
|   |                                | 3 · · · · · · · · · · · · · · · · · · · |  |  |  |  |  |  |
| Park, Blue, & Deep Lakes-This proposal would change the current fishing season closure date at Park, Blue, and Deep   |                                |   |  |  |  |  |  |  |
| Lakes (Grant County) from September 30 <sup>th</sup> to October 31 <sup>st</sup> . Changing the closure date to October 31 <sup>st</sup> will increase recreational fishing opportunities at these three lakes later in the fall when trout fishing is very productive. |                                |   |  |  |  |  |  |  |
| recreational listing opportunities at these times lakes later in the fall when from histing is very productive.   |                                |   |  |  |  |  |  |  |
| Fish Lake-This proposal would remove the current daily bag limit (25) for yellow perch at Fish Lake (Chelan County). Yellow   |                                |   |  |  |  |  |  |  |
| perch are overpopulated in Fish Lake. Removing the daily bag limit will increase harvest rates and improve average size   |                                |   |  |  |  |  |  |  |

Reasons supporting proposal: Both proposals will increase recreational fishing opportunities and improve overall fishery

over time. The end result will improve the quality of the yellow perch fishery...
