Other authority:

EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- ☒ That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
☐ That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: This rule is needed to close recreational sturgeon retention in Bonneville and The Dalles reservoirs. Catch rates and effort in Bonneville Pool and The Dalles Pool have been higher than preseason expectations. The Bonneville Pool total catch on January 1, 2025, was 1,365 fish as compared to the harvest guideline of 675 fish. The Dalles Pool total catch projected through January 4, 2025, is 322 fish as compared to the harvest guideline of 275 fish. Therefore, not enough fish remain under the guidelines to allow for previously scheduled retention opportunities in these areas. There is insufficient time to adopt permanent rules.

Note: If any category is left blank, it will be calculated as zero.
