Lead Agency: Washington Department of Fish and Wildlife

The lead agency is providing updated information on this project that may be of interest to other agencies or the public. The updated information provided below does not substantially change the analysis of significant impacts in the existing environmental checklist.

DNS Description of Proposal:

Add: Grass carp may need to be replanted in the future due to predation or fish die-off.

The original environmental checklist dated April 24, 2000, should be modified to reflect the following corrections:

A. BACKGROUND:

#7. Do you have any plans for future additions, expansion, or further activity related to or connected with this proposal? If so explain.

Change "Not at this time" to "Besides initial stocking, future stocking may be necessary due to predation or fish die-off".

Based on the original environmental checklist and the updated information provided in this addendum, the lead agency has determined that a new threshold determination is not warranted. There is no comment period associated with this SEPA environmental checklist addendum.
