Greetings Lisa,

It appears some of the proposed work will be on SR 107 WSDOT highway right-of-way, and any changes on or to that SR 107 highway right-of-way will need to be reviewed and permitted by this office – WSDOT Olympic Region Development Services. It also appears that some of this work may trigger the need for a WSDOT Air Space Lease, since there will be non-highway related improvements on state highway right-of-way. Therefore please have the project manager for the Montesano Boat Ramp Repair project contact our Region’s Real Estate Services Manager, Allen Partin, for more information on that topic. Allen may be reached at (360) 357-2718.

Thank you
