Mr. Middleton,

Thank you for your comments. We are aware of the requirements to report and clean up spills. With that in mind, all of our contracts have provisions requiring the logging contractor to:

- report spills to Ecology (in this case the very number that you cited)
- contain and control spills

If a spill were to occur, we would work closely with Ecology regarding clean up and testing.

Importance: High

Ms. Wood,

Attached are Ecology's comments for the Scatter Creek Wildlife Area Oak Release and Protection – South Unit Project (Ecology SEPA No. 201801197). This is the original final copy. Comments are due today 3/22/18.

Please reply to this message for confirmation.

Please use the correct acronym “ECY” for the Department of Ecology (DOE is US Department of Energy).
