Good afternoon, Jason:

I apologize for the delayed reply but I have been out of town and just arrived back at the office. Thank you for resending this documentation as it does not appear to have ever reached our mail room. We concur with your determination that there will be No Historic Properties Affected by the undertaking, and we thank you for consulting with the Confederated Tribes of the Colville Reservation. Please note that the current Chairperson of the Colville Business Council is Rodney Cawston, instead of Dr. Michael Marchand.

Sincere thanks,

Karen Capuder, Ph.D.

Good Morning Dr. Capuder and Mr. Moura,

I am WDFW Habitat Biologist Jason Kunz and I will be issuing the Hydraulic Project Approval permit for the subject project. WDFW is also helping address the SEPA.

Since the Lincoln County CD person (Ms. Elsa Bowen) is out of the office, I would like to following up on the 11-28-18 CCT THPO response letter.

It does appear the Lincoln County CD sent your agency a formal consultation letter and a copy of the EZ-1. Both documents are attached. I also added the DAHP response letter.

I would like to verify whether or not the information provided in the EZ-1 covers your information needs.

Note: Attachments available from WDFW upon request.

Sincerely,

Jason Kunz
