Subject: Williams Lake Access SEPA Response
Date: Friday, January 25, 2019 7:29:52 AM

Good morning Karen, I am responding to a SEPA comment submitted by Guy Moura concerning the proposed Williams Lake Access Project. WDFW appreciates your review of the project and notification that it is within traditional territories of the Wenatchi Tribe and will require consultation with the CCT. WDFW, as a policy, complies with all state and federal cultural resource laws and will be initiate consultation with affected tribes for this project, including the CCT. Thanks again for your comments,

Marty Peoples
