Hi Cindy, thank-you for reviewing our SEPA for the Williams Lake Project. In regards to your comments WDFW has the following responses:

1. WDFW will contact Jacob McCann to assure Water Quality Certification requirements are satisfied.
2. Erosion and sediment control practices will comply with the Stormwater Manual for Eastern Washington. All BMP's will be in place for the entirety of the project and inspected daily.

Thank-you again for your comments and help!

Subject: ECOLOGY COMMENTS: 201900056 Williams Lake Access Repair (L Wood)

Hello;

Ecology submits the attached comments.

If you have any questions, please let me know. If I cannot answer your question I will either research the answer or direct you to the appropriate person to help you.

Thank you.

~Cindy
